

CARPET LET'S DANCE ANIMAL TRACES DARK RECTANGULAR

design Nynke Tynagel

Designed by Nynke Tynagel for Qeeboo, Let's Dance rugs show the foot traces of men and animals in a jam session where different types of foot prints, belonging to the two categories, are mixed. The carpets are made in two versions, round and rectangular, with a contrasting background.

"The World has been rocked and we dance to a different tune.

East meets West on a new wave of magic carpets.

We were once divided, but we've now collided.

So let's rock. Let's embrace. Let's dance!"
