

CAT CAVE

design Stefano Giovannoni

Cat Cave, designed by Stefano Giovannoni as a partnership between Qeeboo and United Pets, is a home-cave-refuge for cats. It is composed of two overlapping stones: the bottom cave has a scratching mat on the floor and a soft ball hanging from the ceiling. The top one is characterized by a porthole that allows the cat to enter, protect himself and examine the outside world, planning the next domestic attack.

Available in 2 colors.
