

MEXICO PLANTER AND CHAMPAGNE COOLER LAMP WITH RECHARGEABLE LED

design Studio Job

Mexico, designed by Studio Job, is a skull-like lamp with a graphic pattern on the surface, functioning both as a housing for plants and champagne cooler, too. Reminding of the traditional painted skulls from the homonymous country, Mexico is a whimsical reminder of the cyclicity of our presence on Earth, to exorcise death and celebrate life. Perfect for lounge areas, dining rooms and outdoors spaces. Wireless, with a rechargeable battery, LED light, and 16 different interchangeable RGB colors, it can be regulated from a distance by remote control.
